Interactive Note-Taking
System

Full of Essential Information
about Personal Finance!

TEACHERS RAVE ABOUT MY PERSONAL FINANCE SNIP-NOTES™!

Check out the  reviews!!!

 Extremely satisfied

Cannot get enough of Denise Leigh products! Students enjoyed getting to create their portfolios. What a fun way to take notes!

 Extremely satisfied

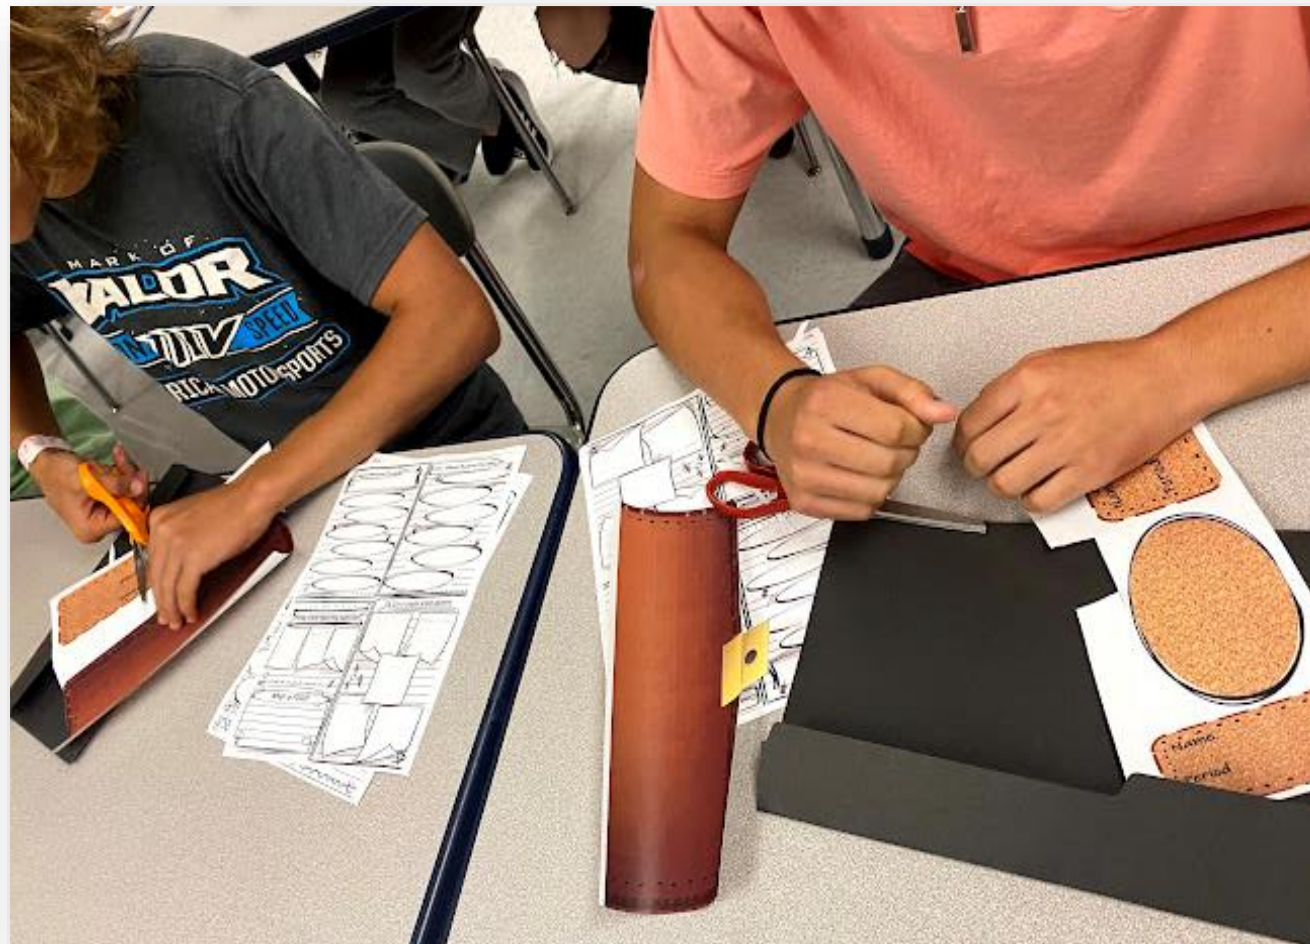

You are always a hit! I used this in my Personal Finance course. It is informative, relevant and engaging! Thank you for the quality materials. Highly Recommend ANYTHING from this seller!

 Extremely satisfied

This has been a great addition to my Career & Financial Management class. Easy to use and all the content fits perfectly with the topics we cover.

Simply use a non-pocket file folder and the clip art that is provided (for the “leather flap and patch”) in this resource to make these clever portfolios for your students.

*The stickers shown are not included in this resource.

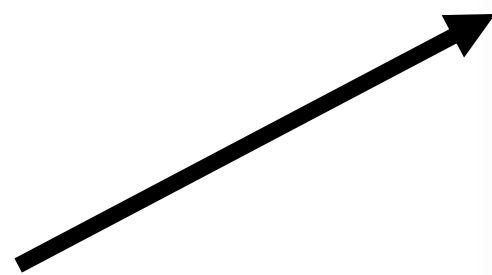

By the end of the semester, students will have a portfolio full of essential information that they learned in your class!

They find this **ENGAGING, FUN, and INTERACTIVE!**

This resource includes a comprehensive teacher's file with assembly instructions and teacher's key for all the snip-notes™ for you to simply project on your white board for students to reference.

Includes instructions on how to assemble and create.

There are 4 snips on each page. Simply print the pages needed for the week. I complete Snip-Notes™ with my students each Friday.

This file contains the Snip Notes for your students. I print only the pages that I need for the day. I do Snip Notes with my students every Friday or every other Friday depending on what was accomplished and our school schedule. I complete only the snips that were covered that week or weeks. Weeks that we are working on projects and no Snip Notes are covered, we take a break from notetaking that week.

Snip Notes are attached to portfolios by one piece of Scotch Tape across the top of each Snip.

I don't allow students to remove their Snip Note Portfolios from my class until it is time to take them home at the end of the semester. This assures that no one "forgets them" or left them at home.
