GREAT FOR A SUB DAY OR REMOTE LEARNING!

Teacher Testimonials

I used this as a no prep sub assignment for my Accounting 1 class. **It was great!**

Another **amazing resource** that helps to keep my students engaged!

This is an **awesome resource** that was very easy for my students to use!

My students really enjoyed this resource. It was another way for me to give them the information without having to stand in front of them and talk. They were able to work on it and ask questions and we were able to have discussions either in small groups or as large group.

My kids in personal finance **loved** this lesson. They were so surprised by how many different charges there were.
