Teacher Testimonials

This is my first-year teaching Business Law, and I was excited to find more snip notes. **I love all of the snip notes** and **students love** to doodle and design their briefcases. It's a great to make sure students are engaged taking notes and still get the information out that is needed for the course. **Awesome purchase** and worth every penny spent.

This is another **awesome resource**! It's a great way to **supplement and reinforce** what we've learned in class. The students like it because it's **different** than traditional note taking. Thanks again for another great resource! :-)

I am so **excited** to use another resource from Denise Leigh!
