TEACHERS RAVE ABOUT MY CAREER PORTFOLIO SNIP-NOTES™!

Check out the  reviews!!!

I **love Denise's snip notes**, I have purchased other subjects in the past. These notes help students engaged and they like to doodle and design their brief case. I am **never disappointed** with what I buy from her.

Students in career options **enjoyed this lesson** that got them off the computer and on to paper. They liked the ability to be creative with their notes and enjoyed looking at their peers folders, too. Good resource.

This was a **very good resource** to help my students research a potential career.

My students **love** doodling on paper, so they enjoyed taking notes
