The next several slides are “Accountability Strips” that go along the top of my computer monitors. I have the students (about 6 students sit at each computer everyday) sign the backs of these strips. By signing the backs of the strips, they are agreeing to take responsibility for any issues that they see with that computer and are to report them to me immediately. They can also be used to line tack strips!

They each have a motivational quote on them and match the entrepreneurs room décor bundle.oh...I laminate them and I attach them (after each student signs the backs...with Scotch © tape)

As a “bell ringer” one day, I had them write a comment on their Google Classroom page paraphrasing or explaining the quote at their computer. ENJOY!

Teacher Testimonials

I love this purchase! The files were easy to print, laminate, and hang as decor in my room and it got lots of compliments! I also used the activity included as an introductory lesson to our entrepreneurship unit. **The students found it engaging** and as we discussed each entrepreneur, I read their quote that was displayed in the room. **Highly recommend!**

An excellent resource for a bulletin board! It was quick and easy, allowing me to customize my department's title! I just printed, laminated, and created the bulletin board! **Super fast and professional looking!**

This is perfect!

This is perfect for my classroom! **And so easy.** I especially love the success strips for the computer monitors!
