Teacher Testimonials

This resource has really helped supplement time in class with student-led research to support the topics we cover. It's a **great activity** and the **kids were engaged**. It really helped in an area where I needed to introduce material without spending weeks on it.

This was a **great resource** to help in teaching a tough and sometimes dry topic. Students understood the ideas and are more familiar with HR. Thanks.

This was a **great activity** for my seniors just learning about human resources. So much thought was put into this and I will continue to use it for years to come!

It was **laid out very nicely and easy to follow**.
