Important Note to Teachers From Denise:

This AP[®] workbook was designed to be used alongside my **AP[®] Business with Personal Finance Curriculum** and **works best** when paired with my AP[®] course lessons and instructional materials.

While many activities can be used independently after you teach the appropriate concepts, this workbook is intended as a **supplemental reinforcement resource rather than a standalone curriculum.** For the best student experience and strongest instructional alignment, **I HIGHLY RECOMMEND** using my AP[®] workbook in conjunction with my full AP[®] Business with Personal Finance course.

Includes a 52-Page Printable Workbook

Each student will need a printed copy of the
Student Edition of this Workbook
