# FAQ

**Q: Is this Accounting course tied to a specific Accounting textbook?**

**A:** No. This curriculum is not textbook-specific. You can use it independently or pair it with the Accounting textbook your school already uses.

**Q: Is this course appropriate for a new or newer Accounting teacher?**

**A: Yes!** I intentionally included video walkthroughs, teacher notes, instructional strategies, answer keys, pacing guidance, and implementation suggestions to help new teachers teach accounting confidently. Also, great for homeschooling parents.

**Q: Will veteran Accounting teachers find this useful?**

**A: Absolutely.** Veteran teachers can use the entire sequence or select the lessons, activities, simulations, and projects that complement their existing curriculum.

**Q: Are these just PowerPoint presentations?**

**A: No.** This is not “death by PowerPoint.” The course includes interactive digital lessons, presentations, simulations, journal-entry activities, T-account practice, financial analysis, source-document work, critical-thinking prompts, career activities, and a capstone project. Some lessons can be presented through teacher-led instruction, if you choose, while others work well as independent practice, partner work, student-led learning, review, or assessment.

Hi! My name is Denise Leigh. I have been teaching Business Education for over 25 years! I love collaborating with business educators all over the world. I am a 2022 Pennsylvania Teacher of the Year Finalist and relentless lifetime learner and lover of everything education. Engaging students and connecting them to their world is my jam! Thank you for exploring my resources and sharing my passion for BUSINESS EDUCATION!

Denise Leigh is an expert on student-led instruction. She was featured on CBS Pittsburgh for her City Collaborative™ Project-Based Business Education (PBL) Classroom.
